OFFICIAL PAPER OF THE CITY

No flag but the Old Flag—the Red Whi e and Blue
With the stars of a Union unbroken and true!
Arise and defend it! ye sons of the brave
Whose blood bought the banner your valor must save

THURSDAY MORNING, MAR 12, 1863

## What do They Want?

The Peace Democrats are determined not to be satisfied with any course adopted unless it leads to the surrender of the Government to the Southern Confederacy. This has been their policy since the rebellion began, and they are now straining every nerve to accomplish the destruction of the Union. No plan has been suggested or tried, which they have not furiously denounced, with a pious, hypocritical howl about constitutional rights.— They see nothing wrong or censurable in the conduct of their Southern friends, but when the Administration has attempted to blockade their ports, deprive them of the mainstay of their strength, arm loyal black men against them, arrest and punish by confinement the Northern aiders and abettors of the rebellion increase the army and make it more effective drive from it the traitors who in it are seeking its defeat, we have heard these treacherous sympathizers defame and abuse their own Government as most unrighteous and tyrannical. We should be glad to know what management of the war would suit them. Tidings of victory make them sick and angry, news of defeat is welcomed most heartily, the success of villains like Fernando Wood is hailed as a great blessing, and we despair of ever knowing that they are fully satisfied until they hear that Jeff. Davis reigns in Washington, and that free speech, free labor and all the blessings of liberty are destroyed under the dominion of slavery.

For such a result they are anxious, to secure it they are ready to sacrifice the Union, the Constitution, everything, and they will oppose with bitter and malevolent energy each and all the measures which the Government may adopt for its protection and salvation. If they would only go and fight for the cause and the men they worship, we could commend their consistency and courage, but they prefer to enjoy the comforts which this Government gives them, while with ungrateful hearts they abuse it, and do their utmost to weaken and ruin it. Fortunately, however, their purpose is generally understood, and under the mask of Democracy, which, at least, has generally been loyal, they cannot lead or deceive the popular mind, they may bread local disaffection and doubt, but we trust and are sure they never will be able to induce the freemen of the free States to join hands with traitors and rebels, in their unholy designs upon the integrity of the Union.

A NEW BOAT.—From the *Mountaineer* we learn that the new steamer *Nez Perce Chief* had made her trial trip on Tuesday last. She ran from Celilo to the wood yard and back, a distance of about ten miles. In a week or two the work of finishing her up will be completed, and she will take her place on the line to Wallula, and when the stage of the water will permit it, to Lewiston. Several of the stockholders of the Oregon Steam Navigation Company were on board during the trial trip, and expressed themselves entirely satisfied with the admirable working of the machinery and the general performance of the boat.

JEFFERSON DEMOCRACY.—The *Commercial* says, "Thomas Jefferson was *one* of the fathers" of its kind of Democracy. It may be, but if so, the other fathers spoiled the breed, if we judge it by the present action of one of the demoralized offspring. Why, Thomas Jefferson presumed to arrest Burr in time of peace without a warrant, and always insisted that to preserve our institutions any act was justifiable, even if no authority for it was found in the written Constitution. Is that according to the gospel of the Peace Democracy? Tell us.

GEN McDOWELL.—The McDowell Court of Inquiry has adjourned. A Washington dispatch of the 2d of March gives the following account of its finding. The report of the McDowell Court of Inquiry censures him for leaving his command on the 27th August, to meet Gen Pope at Manassas Junction, without orders, during which absence King's Division was attacked by the rebels. The finding of the Court is approved by the President.

The Nevada *Journal* says that some secesh sheets have now a fine chance to raise a most magnificent howl. The rebel Government has passed a bill to confiscate the property of Union citizens in the rebel States. Those papers seemed so shocked at the idea of the Union Government confiscating the property of rebels, that we suppose they will be equally affected by the action of the rebel Government. Or is the confiscation of rebel property by the Union unconstitutional, and the confiscation of the Union property by rebels according to the Constitution? Will somebody tell us?

A correspondent of the *Alta* says it is understood that the entire California delegation in Congress will recommend Judge Field for the position of Judge of the new U S Circuit on this coast. Judge Field is said to be eminently qualified, as also an enthusiastic Union man and a warm supporter of the emancipation policy of the Administration.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

### LATER FROM THE EAST.

### Dates to March 5th.

NEW YORK, March 4.—The Washington *Star* says a detachment of 50 of the 1st Vermont was surprised at Alden by 70 rebels. Fifteen men were captured, including two captains.

Exchange dull and lower—18@18½. Gold unsettled and closed at [illegible]. The decline in gold has completely unsettled the markets.

CHICAGO, March 4.—A gentleman who left Memphis the latter part of last week informs us that the opinion of official and military circles was that an attack on Vicksburg would certainly take place within a week. The siege had already commenced.

CAIRO, March 4.—Memphis papers of the 2d contain the following in regard to the capture of the *Indianola*: It seems she was lying by five miles below Vicksburg on Tuesday last when the rams *Queen of the West* and *Webb* approached and an active engagement ensued. The rams had the advantage on their side, the *Indianola* moving slowly. They butted her in the side and stern. The *Indianola* changed guns from side to side but her assailants gained the opposite side and butted against her. The coal barge on each side of the *Indianola* quickly sunk and at last Capt Brown announced that the ship was sinking and surrendered. She was ordered ashore and all the crew but one man were taken prisoners. He made his escape to the Federal lines. The action lasted fifteen minutes. A flag of truce for exchange of prisoners reports that the *Indianola* sunk, but many seem to doubt the report. The latest advices are that the ram *Queen of the West* is lying under rebel batteries at Warrenton.—The steamer *West Wind* had arrived with dredges in tow to be used on the canal. The latest Pittsburg reports are to the Feb 27.—No mention is made of a fight on that day.

PROVIDENCE, R I, March 4.—Gov Sprague has resigned to take his seat in the United States Senate.

NEW YORK, March 5.—The special Washington dispatch to the *Tribune* says a distinguished English statesman in a recent private letter says that the reaction in favor of the Union is so strong in Great Britain that no Cabinet, which should take steps towards recognizing the Southern Confederacy, could live an hour.

STAFFORD COURT HOUSE, Va, March 3.—Capt Schultz, formerly a resident of [illegible], recently headed a body of Union cavalry to that neighborhood, to surprise guerrillas under the notorious Capt [illegible]. The rebels were completely surprised and some 30 prisoners taken. The escape of the rest of them was owing to the reason that Schultz's forces were smaller than those of the enemy.

The resignation of G S Boutwell, Commissioner of Internal Revenue, took place yesterday.

WASHINGTON, March 4.—The final adjournment of the Thirty seventh Congress at noon to day, attracted a large attendance at the Capitol, it being impossible for hundreds to gain admission to the galleries. Nothing of startling interest transpired. Most of the members of the Cabinet were present. The President remained at the Capitol all night. The only measures which failed to pass for want of time, were the emancipation bills for Missouri, Maryland and Delaware, and one providing for Congressional elections in Tennessee and Louisiana. Soon after noon to day the Senate commenced an extra session and swore in newly elected members. It is thought the session will last some days.

CAIRO, March 5.—A boat from Lake Providence, on Friday, reports an extensive conflagration, by which the greatest portion of the town was destroyed, together with a large amount of Commissary stores. A canal barge with propeller had been brought overland on slides from the Mississippi river launched into the lake, for the purpose of exploring it and its neighboring bayous.

SALT LAKE CITY, March 5.—In a mass meeting held to day in Tabernacle, Governor Harding and Assistant Justices Waite and Drake were denounced as enemies of the Territory and a petition sent to the President to have them removed.

NEW YORK, March 5.—Havana dates to the 27th state that the re-establishment of the blockade at Charleston and Galveston had been published in the official papers, it having been communicated to the Government by the Spanish Minister at Washington.

WASHINGTON, March 5.—Richmond papers of the 2d make no mention of affairs at Vicksburg. Charleston dates of the 1st have been received. The steamers *Ruby* and *Douglas* from Nassau had run the blockade on the 20th. A dispatch from Savannah of the 1st denies the report that Fort McAllister had been taken by the Federals, but says that the steamer *Nashville* ran aground and was destroyed by Federal iron-clads.

NEW YORK, March 5.—Gold this morning is 62, at noon Gold was tumbling, 52 premium.

PORTLAND, ME, March 5.—The steamer *Hibernian*, with dates from Liverpool to the 20th of February had arrived. Lord Stratheden gave notice in the House of Lords that on the 23d of February he should move for copies of the dispatches and letters from James M Mason and the English Government, in relation to the claim of the Confederate States to be acknowledged by Great Britain. Meetings, lectures, etc, in favor of Lincoln's emancipation proclamation are every day occurrences. The Bank of Mobile had remitted forty thousand pounds (or dollars, is not stated) specie to meet the interest on Alabama bonds. Advices from Paris mention that a contract for a Confederate loan had been received for three million pounds in 7 per cent bonds, exchangeable against cotton at the option of holders. The London *Times* city article says as the Confederate Government possesses all means of transport from the interior to the sea ports the cotton thus hypothecated will be first available for shipment. For [illegible] Rumors are in circulation that France has considered the blockade of Charleston raised. It is reported that a French high naval officer has been sent to Prussia regarding Prussian intervention in Poland. The Polish insurgents attacked [illegible] on the 17th February. They were repulsed, with a loss of 1000 killed and wounded. The city was afterwards fired.

### California News

SAN FRANCISCO, March 5.—The U S District Court has appointed John A Pritchard and Peter [illegible] to appraise the value of certain articles imported on which duties have not been paid to the amount required by law. Owners of goods shipped in the bark *Golden Rule*, at New York Feb 15th cannot get them insured in this city in consequence of rumors that she has been captured by the *Alabama*.

In consequence of the demand for legal tenders to pay for Government revenue stamps and Eastern freights, greenbacks have advanced to 70@75, with an upward tendency.

SACRAMENTO, Feb 5.—Senate to-day defeated the resolution for the removing of obstructions in the Sacramento river known as Hog's Back.

Mr Park introduced an act relative to swamp lands. Assembly bill requiring revenue officers to make all payments in the same currency as received was passed. A resolution was passed authorizing printing of the law increasing the State tax. The committee on public lands recommended passage of the bill to protect certain parties in a railroad running from Marysville to Portland, Oregon. The Negro testimony bills were discussed at length and the first one passed—ayes 40, noes 31. Second one will probably pass to-morrow without debate.

SACRAMENTO, March 4.—Senate received a petition in favor of registry law. Made constitutional amendments relative to [illegible] special order for Tuesday and passed an act for construction of a toll road from Chinese Camp to Aurora Mono; to permit the use of steam on a railroad in Petaluma; to fix the hours of State Treasurer; to allow Placerville to subscribe $100,000 to the Placerville and Folsom railroad; to incorporate the city of Downieville and several other bills of less consequence.

In Assembly the Committee on Commerce was authorized to have the survey made to determine the practicability and cost of removing the Hog's Back. Addison's bill for the improvement of the Truckee river was referred to a special committee. Senate resolution for enquiring into title of State Prison grounds adopted. Senate amendment to the Assembly providing for a special judicial election was made the special order for Friday. Mr Moore introduced a bill to allow Butte county to purchase $60,000 of mortgage bonds of the Oroville railroad. Mr [illegible] introduced a bill to authorize extension of Montgomery street, San Francisco, by a tunnel through Telegraph Hill. Mr Addison introduced a bill for the establishment of a branch of the State prison at Folsom. Mr Banks introduced a bill to authorize the Central Pacific Railroad to change the location of their road. Mr Sargent introduced a bill to protect certain parties in surveying a railroad to Oregon from Marysville.

SAN FRANCISCO, March 5.—[illegible] in trade from the hands of importers, and a good business is also doing in produce at fair prices. Coffee 30 sacks Rio sold at 30 cents. Sugar, 150 mats China No 1 sold at auction at $1 95 per 100 lbs. Candles 50 boxes sperm sold at auction at 26@27½ cents; Rice 250 mats China sold at auction at $4 75, and 20 bbls Batavia at $3 00 per 100 lbs. Tea 25 basket boxes sold at auction at 40½ cents per lb. Soap, 125 boxes laundry sold at auction at 87½ cents per box. 15 bales brown drills and sheeting sold for underwriters at 16@19 cents per yard.

### LATER.

The following latest news was received by steamer *Sierra Nevada*.

NEW YORK, March 5.—The *Times* says at the meeting of Unconditional Loyalists in this city on Friday evening, Gen Scott presided. Joseph Holt, John Van Buren and James T Brady made speeches in support of the most vigorous prosecution of the war and every just and necessary means required to bring it to a triumphant close.

WASHINGTON, March 5.—The main points of business transacted by the Senate to-day were the administration of the oath to Senators Hendricks of Indiana and Sprague of Rhode Island, who took their seats for the first time. The President *pro tem*, by resolution of Senator Anthony, was authorized to appoint Standing Committees. The Executive Session is confined to the passage of resolutions to return all the nominations of military officers, etc, which expired with the Senate to the President.

CAIRO, March 5.—The capture of the *Indianola* is confirmed, and under circumstances which lead to the belief that she was unnecessarily and hastily surrendered. The steamer was placed in a bad position and managed badly by her pilot. On Friday afternoon, the *Indianola* and *Queen of the West* were discovered under the guns at Warrenton, both in condition to do effective service for the enemy.

The sickness of the Army before Vicksburg is on the increase.

The canal between the Mississippi river and Lake Providence is completed, but the water was not yet in.

The number of Paymasters awaiting confirmation by the Senate and who have been confirmed, it is ascertained, will equal one for every regiment in the army, providing each was at maximum of 1000 men.

WASHINGTON, March 5.—Enabling acts, preparatory to the admission of Colorado and Nevada into the Union, failed in the House at the last hour of the session.

NEW YORK, March 5.—Gold fluctuated during the day, opening at 65, declining to 50, and closing at about 55½ premium and unsettled. The excitement exceeded anything ever known, the quotations not being stationary ten minutes during the day. The public are the sellers, in small amounts, at whatever rates they can get from brokers.

NEW YORK, March 6.—The *Herald's* advices from Port au Platt, San Domingo to the 21st of February say that Capt Bieson, of the Hamburg brig *Uraa*, which arrived that morning from Mazanilla Bay to complete her cargo, reports having been overhauled by a boat from the *Alabama*, off Cape Isabella on February 19th. The Captain was merely asked whither he was bound. The *Alabama* afterwards chased a Spanish steamer bound east, and brought her to by firing. Four steamers were observed passing east of Port au Platt harbor on the evening of Feb 19th.

NASHVILLE, March 5.—The enemy under Van Dorn has advanced against towards Franklin yesterday. The Federal forces also advanced six miles and drove the rebels back. Their loss was 13 killed. The fight was renewed this morning. Reinforcements for Gen Gilbert at Franklin had been sent forward which were sufficiently large to destroy or capture Van Dorn's command.

It is reported that about 1000 rebel cavalry are in the vicinity of Harpeth Shoals waiting to attack the steamers on the river.

WASHINGTON, March 4.—The President has signed 182 public acts, 15 private acts and 42 joint resolutions which have passed the session just closed.

It is believed that ex Speaker Grow has declined the appointment of Commissioner of Internal revenue vice Boutwell, hence Joseph Lewis of Pennsylvania was appointed.

Judge Walbot and John Hickman will be appointed to vacant judgeships.

The Commissioner of Internal Revenue has decided that leather tanned, received by the party manufacturing prior to September 1st, is not liable to duty when curried or finished.

There is no good authority for asserting that the President is about to call for an army of 500,000 men. When the call is made, it is believed that it will not exceed 300,000, at [illegible].

NEW YORK, March 6—10 A M.—Gold at [illegible] premium.

---

The bark [illegible] left San Francisco on the 11th of January and arrived at Honolulu on January 20th, taking news from Washington to Honolulu in 11 days—the quickest time on record.

**Legal Tender Notes this Day—66 cents.**

BILKING.—The *Times*, of this city, showed its superior enterprise yesterday evening by issuing an "Extra," containing—the same news which the OREGONIAN had made public in its regular issue of the morning. To be only a day behind in the matter of news be about as much as could be expected from that office, but to *sell this news to innocent readers* looks a little like *bilking* them out of twelve and a-half cents each. If the *Times* can really profit by such miserable subterfuges as selling stale news, they are welcome to do so, but we shall not fail to inform the public of the fact. The news transmitted by telegraph from San Francisco is sent only to the OREGONIAN, of all the papers published in Portland, and the reason why the OREGONIAN gets them is because *it is the only paper that pays for them!* We are in a position to state with certainty that the habit of stealing telegraph news, as it has been practiced by certain of our rivals, is at an end and hereafter those who get telegrams will have to pay for them.

LEGAL TENDER NOTES.—The San Francisco quotations of Legal Tender Notes, from the *Alta* of the 7th, are 70c. The New York valuation on the 6th of March, gold premium being 51 per cent., was 66 34 100c. We consider 66c as a fair quotation for this place, as the San Francisco rates are stimulated by a demand for Government paper to buy stamps and pay taxes.

ARRIVAL OF THE "SIERRA NEVADA."—This steamer arrived at her wharf at about half past ten yesterday evening. She brought news to March 6th from the East, but one day later than received by telegraph. We were unable to procure her memoranda and passenger list.

LETTER FROM BOISE.—On the last page of this morning's issue will be found a letter from Boise mines. To judge from its tenor, we may expect to hear of an abundance of the "yellow ore" being taken out this next summer, and, most probably, share in the benefits to be derived from it.

A noted billiard-player, named Ralph Benjamin, sailed from New York on the 1st inst., for California. He comes to assume the proprietorship of the Phelan Billiard Saloon, on Montgomery Street, San Francisco. He is the player who had the celebrated bout with Phelan in Philadelphia, $2,000 being staked on the result. His forte is the three ball carom game.

**Portland R. A. Chapter. No. 3.**—There will be a stated convocation of Portland Chapter, No. 3 this (Thursday) evening, March 12th, at 7 o'clock.

Members and sojourning companions are requested to attend punctually. By order of M. E. H. P.

**Masonic.** Harmony Lodge, No. 12, F. & A. M., holds stated communications on the 2d and 4th Mondays of each month, at 7 o'clock P. M. Brothers in good standing are invited to attend. By order of W. M.

**Influenza and Bronchitis.**—Thousands who suffer from these complaints are ignorant of the fact the DR. HALL'S BALSAM is peculiarly adapted to their cure, a few days use of it being generally sufficient to subdue the Cough, and remove every unpleasant symptom.

**Pacific Market!**

The New Market on Front street, No. 2, Couch's Addition, is now opened by Messrs. WEEKS, GILMORE & CO., Proprietors, for the accommodation of the public, and our citizens may be assured that it will be equal to any on the Pacific Coast, where none but the best quality of meats will be kept for sale. The Proprietors are well known to the whole community for their fair dealing in the meat market of their other first-class Markets—the Empire, on Washington street and the Franklin on Taylor street.

**Storage.**—THE FIRE-PROOF STONE WAREHOUSE, opposite Umatilla House is the only building not made of wood at the Dalles, where goods are taken on STORAGE. All other houses that take goods on storage are *wooden* buildings and in *exposed* parts of the town liable to the risk of fire. The subscriber assures his patrons that his charges are but $1.50 per ton per month storage and although storage in wooden buildings is $1.00 per ton, yet the public cannot fail to perceive the advantages the subscriber possesses over other warehouses of this place.
Dalles, Jan 20, 1863. 1m RASEY BIVEN.

**Coughs.**—The sudden changes of our climate are sources of PULMONARY, BRONCHIAL and ASTHMATIC AFFECTIONS. Experience having proved that simple remedies often act speedily and certainly when taken in the early stages of the disease recourse should at once be had to "*Brown's Bronchial Troches*," or Lozenges, let the Cold, Cough, or Irritation of the Throat be ever so slight, as by this precaution a more serious attack may be effectually warded off. PUBLIC SPEAKERS and SINGERS will find them effectual for clearing and strengthening the voice. See advertisement. de 16daw3m

**White's Fever and Ague Drops.—For the cure of AGUE, PANAMA FEVER, NEURALGIA and GENERAL DEBILITY.**

This medicine has been used in private practice for many years with great success. Indeed in no instance has it failed to effect a speedy cure in Ague especially, one bottle having been found sufficient in most cases and in none are more than two bottles required.

A great number of testimonials could be given to verify these statements, but the proprietor prefers relying upon the merits of the medicine alone. A cure is guaranteed in this cases out of ten.

Prepared only by ROBERT WHITE, Chemist and Druggist, Main street, Placerville and Broadway, Upper Placerville. For sale by all respectable Druggists throughout the State.

wherever diseases exist, whether special to the soil and climate or common to all regions—epidemic or casual, acute or chronic, contagious or non-contagious—it is as necessary to restore the ELECTRO-GALVANIC equilibrium, especially in California, as it is to give food to the starving. This statement is based upon a series of facts extending through [illegible] and verified by hundreds of patients, so that [illegible] of experience [illegible] result of [illegible] rests upon sure and universal [illegible] foundation as that [illegible] which underlie the world wide [illegible] for the cure of all nervous states of the body, faulty digestion, mental and physical debility, [illegible] asthma, wandering pains of a rheumatic [illegible] character, and all forms of disease the result of scrofula or cachectic habit of body.

**The Eye and Ear Diseases.**

It must be [illegible] by the eye and ear sufferers that Dr. Van Zandt has made these afflictions an especial study and that he is the only Surgeon in our State who has a diploma for that branch of practice. Very many of the eye and ear troubles are purely deranged nervous action and are cured by his electro-galvanic battery—as amaurosis [illegible] floating specks before the vision, twitching of the eyelids, nervous deafness, roaring and buzzing noises in the ears, giddiness, etc. All operations successfully done on those delicate organs of sense.

**DR. BAKER'S PAIN PANACEA.**

Is composed entirely of healing gums, and vegetable oils and herbs. It is perfectly safe for the most delicate to use. I can most sincerely say that I have never known any, however delicate, to be injured by it in the least. I will continue to ask the afflicted who have not used it, to try it for the following diseases. If they are not satisfied with its healing properties, the money will be cheerfully returned by the agent where the medicine is for sale.

If you have pain in the stomach or bowels, try a dose of Pain Panacea internally, bathe externally over the parts affected, and you will at once restore the proper action and relieve the pain.

If you have a Bruise or Wound, bathe it well with the Pain Panacea four times a day. It will relieve the pain, and take out all the poison, and heal the wound in a short time.

If you are suffering from Neuralgia or Rheumatic Pains, apply the Pain Panacea freely and take a dose of it internally, morning, noon and night, it will not only cure the pain, but will remove the cause of the disease.

If you have the Dyspepsia, and your food distresses your stomach after eating, take a dose of Pain Panacea after each meal.

If you have a Cankered or Sore Mouth or Throat, apply the Pain Panacea to the affected parts, and gargle the mouth or throat three or four times a day.

If you have the Diarrhoea, or a relaxed state of the bowels, take a dose of Pain Panacea, and they will soon be restored. If you have a painful swelling, bathe the parts freely and you will soon relieve pain, and the swelling will be reduced.

If you have a severe tooth-ache, apply the Pain Panacea on a piece of cotton and bathe gum at the same time, it will stop the pain instantly.

If you have a pain in the Breast, Side, Back or Kidneys, bathe the parts affected morning and night, at the same time take a dose of the Panacea internally.

If a Mother has a caked breast, apply the Panacea as hot as it can be borne.

If you feel chilly or cold, as though you were going to have a fever, take a dose of Panacea.

If you have a wound, cut or galls upon your horse, apply the Pain Panacea. It will take out all the inflammation and heal the sore in a short time.

[FROM AN OCCASIONAL CORRESPONDENT]

PLACERVILLE BOISE MINES Feb 19 63

Since my last the news of this place has been confined solely to fresh mining excitements slightly spiced by a cutting affray and the arrival of two men who followed up the tracks of stolen horses a part of which they succeeded in retaking and also the scalps of two Indians who were found with them — From conversation had between the Indians and their two white captors it is supposed that some clue has been ascertained by which the principal rendezvous of the Indians can be found and surprised where beauty and booty I suppose will repay the hardy volunteers who notwithstanding the inclemency of the weather have volunteered to the number of about fifty for this laudable purpose This company started out some three days since under the command of Capt Jeff Standeier whose known character for "grit" and strategy" augurs badly for the safety of any reasonably sized band of Snakes The numerous depredations that have been committed in the way of horse stealing has compelled this step to be taken and now is the time to strike with effect In the Spring I opine we will be entirely on the offensive as I think the Indians are not fully aware of our strength, and they will not feel disposed to quietly yield so goodly a portion of their territory, as from appearances it has served them as a profitable field in procuring game and fish Rumor is rife in our town that they have attacked and taken a band of sheep on Payette river which was on its way in here, and that a Spaniard was wounded and two Indians killed I believe the latter portion of the rumor to be correct, but the driving off a large band of sheep would be a foolish, if not a positively dangerous undertaking as the Indians well know the whites are aware of their depredations and eager to avenge themselves The tocsin of war is already sounded and soon will be heard ringing the funeral knell of the Snakes on this slope The country is far too extensive and rich in minerals (as is supposed) for the Indian any longer to retain his dominion over it. True, many parties of whites out "prospecting" will be cut off, but such would be their fate, even if the whites did not declare war

As to the mines, I have nothing new or startling to relate Not a day passes but some lucky *hombre* comes into town grinning like a "Cheshire cat," with the words "I've struck it" on his lips It is reported and is currently believed here that somebody has struck extensive and fabulously rich diggings on the head of Grimes creek In my mind this is a canard, for I spent nine long days and nights wading through snow, and at times sliding, or rather tumbling, down hill on snow shoes, and the largest prospect we got was three cents Some who took our trail may have found something but the chances are against them If there is any truth in it you will certainly hear the details through me — The main, if not the richest and most lasting diggings in this section, are in the Moore's creek district There are some claims there which will yield $100 000 This sum sounds large, but did I own the claims I would feel sure of it

This country is intersected by belts of gravel which, as a general thing, run North east and South-west, and so far experience has demonstrated the fact that outside these ranges but little, if any, gold exists This belt crosses the Grimes creek towards the South west and some prospectors have lately demonstrated the fact that another and similar basin to the one we are now in exists beyond, and a cursory examination revealed the presence of gold in small quantities Rumor from that region to-day has it that they struck it rich Time will convince us of the truth of this, although I do not by any means doubt it

The miners are all engaged working, when the weather permits some working in the gulches, others opening up their creek claims and doing whatever else will conduce to their benefit. So far the weather has been positively unpleasant, and I can hardly remember the day or night when we were not visited by snow or sleet

Pack trains and passengers, mounted and on foot, are pouring in every day, which keeps the trail in a tolerable condition The new faces in our "city" already begin to outnumber the old Many have had their feet more or less frozen, but it does not seem to set them back much, as they immediately do them up in "gunny sacks" and go into the business of prospecting with a zeal worthy of heroes

The news of this section being organized into the county of Boise has been favorably received, and I suppose we will soon have an army of lawyers in our midst, anxious to relieve the "honest" miner of what spare change he carries in his pockets Ere this we suppose we are in the Territory of Shoshone This division is to my thinking a foolish one If the country were so divided as to embrace all the country of the Cascades in Oregon and that lying to the east in Washington Territory, it would be a natural division and one that might be of some benefit to the people interested I see Lewiston is figuring to be the capital of the proposed new Territory but there are other and more eligible places which will contend for and win that honor, notwithstanding the "commanding presence and influence" of Don Scrantio

Prepare yourselves for an influx of gold this summer, that will astonish the Californians, to say nothing of the Victorians, but you must be careful in all cases not to "bilk" the miner and take his hard gold, giving him in return "greenbacks," a species of "serpent" much dreaded in this region Your merchants who receive orders for this trade will oncemore experience the tangible evidence of good currency

There are two things we lack in this region —an express well guarded and responsible, to carry dust, and a few companies of soldiers to scour the country and protect those whose interests cause them to wander in this inhospitable country

Wm M Miller and Joel Cleaver are among our residents here The former of these gentlemen, notwithstanding his corposity has turned miner and so far I have seen no deleterious effects from this his new occupation The latter is selling goods cheap for cash to those who have the needful

A miner under the influence of liquor allowed his tongue to run too freely and for his imprudence received a severe stab He is likely to recover however Mr Kelly of Auburn, so far has been our only reliable expressman Had it not been for him we should have suffered for news from home and funds during the winter This express connects with Wells Fargo & Co at Auburn and so far as I know, is a reliable conveyance

CRAYON

Gen Wool has had three suits commenced against him in the Superior Court of New York each for $20 000 for false imprisonment—the plaintiffs being Winfield Howard and Wallis Two suits have also been commenced against Mr Cameron for $40 000, for arrest and false imprisonment An attachment was issued by order of the Court at the instance of the same parties against the stock held by Cameron in the Northern Central Railroad Company, to await the result of the trial
